

(Semi-)autochthonous Mesozoic cover sediments

	Upper Jurassic
	Middle Jurassic
	Lower Jurassic
	Triassic
	Pre-Mesozoic crystalline basement

Cenozoic foreland sediments

	post-Burdigalian
	Burdigalian
	Chattian-Aquitainian
	Rupelian

Penninic nappe system

	Upper Penninic
	Middle Penninic
	Lower Penninic

Helvetic nappe system

	Helvetic nappes
	Subalpine Flysch

Large-wavelength uplift signal (partially exhumed fossil PRZ in the Plateau Molasse)

Thrust-related uplift signal (fully exhumed fossil PRZ in the Subalpine Molasse)
