(a) Depth (km) vs. Viscosity (Pa s)

(b) Depth (km) vs. Velocity (m yr⁻¹)

Graphs show data for various combinations of $Q_1 \times P_0$, $Q_1 \times Q_1$, and $Q_2 \times Q_1$, with different resolutions (200 × 50, 400 × 100, 600 × 150, 800 × 200).
