Received and published: 12 January 2011

Dear Dr. Pankhurst, Two reviewers have now posted their comments on your paper. Both reviewers found your paper interesting and pointed out several important issues to be addressed before the paper can be accepted for publication. Please read these comments carefully and prepare the revised version of the MS. With this version, please also submit detailed explanations on how the comments of the reviewers were taken into account in the revised MS. With my best wishes, Taras Gerya
