Dear Bert Vermeersen,

We have revised our manuscript entitled ‘Optimal locations of sea-level indicators in glacial isostatic adjustment investigations’ by Holger Steffen, Patrick Wu and Hansheng Wang, submitted to Solid Earth.

We have incorporated the suggestions of both reviewers into this version. The comments to the reviews can be found as individual reply.

We wish to express our thanks to both reviewers for their very constructive reviews.

C1082

Yours sincerely,

Holger Steffen, Patrick Wu and Hansheng Wang
