Dear Bert Vermeersen,

We would like to resubmit our revised manuscript entitled ‘Lithosphere and upper-mantle structure of the southern Baltic Sea estimated from modelling relative sea-level data with glacial isostatic adjustment’ by Holger Steffen, Georg Kaufmann and Reinhard Lampe to Solid Earth.

We have incorporated the suggestions of both reviewers into this version. The com-

ments to the reviews can be found as individual reply.

We wish to express our thanks to both reviewers for their very constructive reviews.

Yours sincerely,
