

## ***Interactive comment on “Modelling of the wave fields by the modification of the matrix method in anisotropic media” by A. Pavlova***

**V. Sallares (Editor)**

vsallares@cmima.csic.es

Received and published: 28 February 2014

This manuscript has been rejected because the contents (abstract, text, results, figures) are almost the same as those presented in the paper below, recently published in Earth Science.

Pavlova, A. (2014). The modification of the matrix method for the modelling of propagation of the body waves, Earth Science, 3 (1), 1-8. doi:10.11648/j.earth.20140301.11.

Sincerely, Valenti Sallares
