Dear Editor; According to minor corrections that referees recommend me have been corrected. The corrections are referee given below: 1- Meteorological data's reference is provided in Section 2.3. 2- Wording errors in Table 3 is corrected as you suggested. The commas turned to dot. % symbol used in one lin. In Table 3 Depth and Bulk Density columns are deleted due to given in Table 2. 3- The image D was written as D: 2: Smectite in Figure 4. 4- The reference of Moore and Reynolds dates is corrected as 1997. 5- The literatures are listed in reference section. 6- The reference “Buol and Hole, 1961” is deleted from the reference section. 7- One of reference “Egli et al., 2008” is deleted. All the corrections are shown with red.
