Interactive comment on "Precise age for the Permian-Triassic boundary in South China from high precision U-Pb geochronology and Bayesian age-depth modelling" *by* Björn Baresel et al.

M. J. Heap (Editor)

heap@unistra.fr

Received and published: 3 January 2017

Dear authors,

I have now received two reviews of your manuscript. Although their comments are generally positive, both reviewers raise a handful of points that they'd like addressed. Addressing these comments will no doubt improve the quality and clarity of the manuscript. If you choose to revise your manuscript, please now prepare and upload a revised version and a detailed point-by-point rebuttal letter.

Thanks for choosing Solid Earth,

Mike Heap (Topical Editor)
