Dear Editor,

In attachment we present a detailed reply to De Rubeis' review and further explain the revision of our paper focusing on the macroseismic analysis of two moderate-magnitude earthquakes in NW Europe.

We would like to thank Rémy Bossu for his detailed comments and constructive criticism which lead to significant improvement of the paper.

All textual remarks, comments on duplications and spelling were taken into account and will not further be addressed in this letter.

Kind Regards, Koen Van Noten, Thomas Lecocq, Christophe Sira, Klaus-G. Hinzen & Thierry Camelbeeck
