The authors would like to sincerely thank Anonymous Referee #1 for his/her very useful comments. All comments and suggestions have been adopted for the most part in this revised version of the manuscript. We summarised below how the changes have been addressed and implemented, indicating our answers in normal case and the sentences in the manuscript in italic. The page and line numbers (PX LXX) in the responses correspond to the new numbering in the manuscript. Please see the attached file.

Please also note the supplement to this comment:
