Interactive comment on "Deformation mechanisms in mafic amphibolites and granulites: record from the Semail metamorphic sole during subduction infancy" *by* Mathieu Soret et al.

Mathieu Soret et al.

math.soret@gmail.com

Received and published: 25 June 2019

Dear Editor,

Please find attached the new version of the manuscript that we wish to re-submit to Solid Earth. Following the two referees' constructive review, suggestions and annotations, numerous changes have been carried out with the greatest care throughout the text and its structure, the figures and the supplementary material.

I also would like to apologize to you and the referees for the delay in the resubmission process.

Printer-friendly version

Discussion paper

Sincerely,

M. Soret
