Dear Topical Editor,

we wish to thank you for your editorial handling of the manuscript. We also kindly ask you to include in the acknowledgement section the following sentence: "Greg Valentine and Domenico Doronzo are acknowledged for reviewing the initial version of our manuscript. We also thank Joan Martì for his editorial handling and the editors of the special issue "Volcano geology and field observations aimed at validation of numerical models" (Paola Del Carlo, Amanda Clarke, Gianluca Groppelli, Joan Marti, and Joachim Gottsmann) for inviting us to submit to this special issue. This is ClerVolc

contribution n° 445."

Best Regards

Alessandro Tadini on behalf of all co-authors
